

Camp Yowochas Activity Guide

SURVIVAL

The survival game is a large-scale predator-prey role playing game. Participants take on the role of an animal within the ecosystem and must fulfil the requirements of survival by tagging other animals and finding food and water stations in the large wooded playing area. An involved discussion occurs before the game.

PROGRAM SPECIFICS

- 15 or more participants
- Well suited for all ages
- Led by trained Camp Yowochas Staff
- Available year-round
- Participants learn the basics about ecosystems

SAFETY CONSIDERATIONS

All participants will be taught the rules of the game and boundaries will be clearly marked with signs and flag tape. There will be a central location for participants to seek help or first aid if needed. All participants are required to wear close toed shoes during this activity.
